

Gear change... The +2S 130 is now fitted with a 5-speed gear box, giving increased peak performance at lower engine speeds.

Luxurious fully-reclining front seats, with room in the rear for the occasional extra two.

The renowned Lotus Big-Valve twin-cam develops a safety-conscious 126bhp.

The name that stands for 'winner' the world over.

If the Lotus +2S 130 is a feast to the discerning eye, then driving it is a revelation.

For behind the suavely elegant lines, the luxuriously appointed

interior and the bold colour-styling lies the engineering expertise that has made Lotus a name of legend the world over.

The remarkable acceleration, the breathtaking performance, the

unequalled road holding and the matchless handling... add to these the life-saving glass-fibre body construction, and you have – as 'Autocar' put it "... a relaxed high-speed cruiser, with the

race-bred driver's car only a gearchange away."

Test drive the +2S 130 soon. And find out why Lotus are winning the world over.

When you need them, they're there. When you don't, they aren't.

Room here for all the luggage you'll need. Plus a set of golf clubs!

Lotus Line up
